FORT DE FRANCE AFIRE

REFUGEES FROM ST. PIERRE
ARE AGAIN IN GRAVE
DANGER.

ABANDONED TO VULTURES

Destroyed City of St. Pierre May Be Deserted for One Year to Allow Birds of Prey and the Elements to Accomplish a Task Which Is Too Great for Man—Pestilence Daily Becoming More Vivid.

Pointe-a-Pitre, Gaudeloupe, May 14.—News has been received here of a great conflagration on the Island of Martinique that, according to the ships that report them, are at or very near to Fort de France.

Pelee is still active and red hot rocks are still being hurled from the crater, and it is possible that the volcano has set the town, that is the refuge of 50,000 people who fled from the vicinity of St. Pierre, ablaze. Efforts are being made by the officers of the French cruiser Suchet to approach the crest of Mont Pelee. They have been driven back several times by showers of lava. They ascertained, however, that Pelee is no longer the loftiest peak in Martinique. A new ridge seems to confirm the statement.

The most destruction was directly across that part of town known as the Fort, where even the foundations of the buildings cannot be traced. A contrast to this is the district known as Mouillage, which is recognizable from the walls that still stand.

In the Fort district the dead were utterly consumed, but in Mouillage there are bodies everywhere, denuded of clothing and charred so that it is impossible to distinguish color or sex. All bodies are cast on the funeral pyres, heaps of which are saturated with kerosene as fast as they can be gathered.

May Abandon St. Pierre.

Pestilence is daily getting more vivid. Almost as great as the need for food for the survivors of the district is the need of disinfectants by the ship load to protect the living from the dead. There is talk of abandoning St. Pierre for a year to allow the elements and the vultures to accomplish the task that is too great for men.

It is suggested that the government will establish a forbidden zone, the seashore to be guarded against intrusion by the navy, and the land side by the army.

The salvage of the treasure in the bank of Martinique was specie to the amount of \$800,000, which was stored in the subterranean vaults. Nothing remains of the steamship Roraima except a skeleton on the beach. Of the other ships no vestige is left.

Of St. Vincent very little is known except that its sufferings were only less than Martinique, that the dead are supposed to number 2,000 and that the plantations are ruined. There is a revival of the report that the British government will abandon St. Vincent as too dangerous for human habitation and will distribute its population among the others of the British West Indies.

The food received from the neighboring islands by Martinique has been exhausted.

ONE MASS OF FLAMES.

Whole Northern End of St. Vincent Burning Fiercely.

Castries, Island of St. Lucia, May 15.—The Soufriere volcano on the island of St. Lucia is still in destructive eruption. A terrible cannonade can be heard 100 miles away. The reports are followed by columns of smoke rising miles in the air. Immense balls of colored fire also issue from the crater. Lightning is playing fiercely in the upper sky and the whole northern part of the island is one mass of traveling flames. It is impossible to reach the burning district by land or sea and there is no means of estimating the destruction wrought to life and property.

Kingstown, the capital of St. Vincent, is still safe though showers of ashes and pebbles are continually falling down. The volcano itself is invisible.

It has just been officially reported that there were 1,600 dead at St. Vincent.

ONLY ONE SURVIVOR.

Prisoner Confined in a Dungeon Escapes Death at St. Pierre.

London, May 15.—The correspondent of The Daily Mail at Barbadoes, B. W. L. who visited St. Pierre on board the Royal Mail steamer Solent, has learned from Dr. Artier, who miraculously escaped the disaster, that when the governor of Martinique, M. Moutet, and the insular officials had declared that all danger from an eruption of Mont Pelee was past, a cordon of armed soldiers and policemen was placed around the town to prevent the people from leaving. Dr. Artier, however, went to the suburb of Morne Rouge. He was riding back to St. Pierre when the explosion occurred. He turned and fled precipitately across the mountains to Fort de France.

With the exception of the prisoner who was confined in a dungeon at the time of the explosion, Dr. Artier is really the sole survivor of St. Pierre.

LARGE FIRE VISIBLE.

Blaze Seen From St. Lucia in the Direction of Fort de France.

Castries, Island of St. Lucia, May 15.—The signal station here reports that a large fire was seen during the night in the direction of Fort de France, Martinique.

The British steamer Savan, Captain Hunter, has arrived here and reports Mount Pelee to be still in eruption. The trend of the flow from the volcano is to the north.

CAUSING HIM MUCH WORRY.

President-Elect Palma Having Trouble Forming a Cuban Cabinet.

Havana, May 15.—The house of representatives has elected Pelayo Garcia president, Carlos Font and Carlos Cespedes vice presidents, and Alfredo Manduley and Antonio Perez secretaries.

President-elect Palma says that the matter of making up the Cuban cabinet was causing him much worry and trouble. He wants to surround himself with men of experience and ability in whom he has confidence, but he also desires to maintain harmony among the political leaders. The president-elect held a long conference with the leaders, and it is understood they then objected to the men Senor Palma said he intended to appoint to the cabinet. Another meeting between the president-elect and the Cuban leaders will be held during the evening.

DEFEATS THE RESOLUTION.

House of Commons Refuses to Reform the Labor Laws.

London, May 14.—An attempt in parliament to get the government to reform the laws relating to trades unions has failed. W. C. B. Beaumont, Liberal, moved a resolution in the house of commons in favor of legislation dealing with the questions of picketing and the liability of trades unions. A member of the ministry opposed Mr. Beaumont's resolution, but supported an amendment to it made by Mr. Renshaw, Conservative to the effect that the house declined to legislate in the matter until it was shown that the existing law fails to protect workmen in the exercise of their lawful rights.

Mr. Renshaw's amendment was adopted by a vote of 203 to 147, the opposition loudly cheering the small government majority.

EARL OF HOPETOUN RESIGNS.

Governor General of Australia Cannot Live on His Salary.

Melbourne, Australia, May 15.—The federal parliament recently refused to grant the Earl of Hopetoun an additional annual allowance of £8,000, the governor general then sent a cablegram to Joseph Chamberlain, the British colonial secretary, asking to be relieved of his duties after the coronation of the king, saying the position was a heavy drain upon his private resources and that the salary attached wholly insufficient to maintain the dignity of the office.

Mr. Chamberlain replied to the Earl of Hopetoun, accepting his resignation, although it meant, he said, a serious loss to Australia and the empire. The Earl of Hopetoun's salary was £10,000 a year.

TAMMANY LEADER RESIGNS.

Lewis Nixon Gives Up the Position at a Meeting in New York.

New York, May 15.—Lewis Nixon, leader of Tammany Hall for nearly six months, resigned that position at a meeting of the district leaders held in Tammany hall. While the resignation was not entirely unexpected, it was not thought that Mr. Nixon would take such positive action until a later date, first waiting the action of the leaders to see if they would give him a vote of confidence. Instead of this he refused to allow any vote of confidence and went so far as to say that he could no longer retain his self-respect if he remained as leader.

THE SHIPPING COMBINE.

Admiral Beresford Regards It With Serious Misgivings.

London, May 15.—Speaking in London at a dinner of the Navy league, Rear Admiral Lord Charles Beresford, M. P., said he regarded the shipping combine with the most serious misgivings, because in time of war the British navy was largely dependent upon the mercantile marine for auxiliary vessels, and the country for the delivery of provisions.

The speaker advocated subsidizing the British combine and a recourse to the Canadian route as the best steps for the government to adopt.

DETAILS NOT MADE PUBLIC.

Monon Route Said to Have Been Acquired by Southern Railway.

New York, May 15.—In the best informed circles in Wall street there was discussion of a statement emanating from an authoritative source that the Chicago, Indianapolis and Louisville railway, generally known as the "Monon," had been purchased by the Southern Railway companies. While the details were not made public, the acquisition of the Monon by the two corporations named was accepted as a fact, lacking only official announcement.

Cattle Sell High at Chicago.

Chicago, May 15.—Cattle prices were higher at the Union stock yards in Chicago during the day than for almost 20 years. The top price of the day, \$7.60, was 10 cents in advance of the high mark of last week. The price of hogs and sheep also made record marks of the year.

ANTHRACITE MINE OPERATORS
MAKE NO CONCESSIONS
TO THE MEN.

NO ACTION TAKEN YET

Convention of the Mine Workers at

Hazleton, Pa., Holds Three Sessions and Adjourns for the Day Without Arriving at a Definite Conclusion Regarding the Strike—Quiet Reigns in the Coal Fields.

Hazleton, Pa., May 15.—The convention of the anthracite mine workers called at the instance of the executive boards of the three districts comprising the Pennsylvania hard coal fields, held three sessions during the day, and, without taking any action on the question of inaugurating a permanent strike, adjourned until morning. The convention is meeting behind closed doors, and, although nothing official was given out, it is known that the all-important question was not reached, the two sessions being devoted entirely to the organization of the committee on credentials.

The day brought forth no definite information bearing on the probable action of the convention, and the situation remains about the same as it has during the past 48 hours. President Mitchell said that all hopes of any concessions from the operators was gone. He has had no recent communication, he said, with the mine owners, Senator Hanna or any other member of the National Civic Federation. Mr. Mitchell admitted that he had some advice to give the delegates at the proper time, but what it is he will not say. In an interview he said that there was no doubt that the sentiment of the men is in favor of a strike, but he refused to make any reply when asked if he would give advice that would come in conflict with their sentiments. It is admitted that what President Mitchell suggests will be done, notwithstanding the fact that a majority of the delegates are

In Favor of a Strike

If the mine owners do not make any concessions.

President Mitchell was elected chairman and the organization was completed by making Mr. Wilson secretary and appointing the three district secretaries a committee on credentials. In taking the chair Mr. Mitchell said that a great weight of responsibility rests on the delegates and that they should act wisely in whatever they did. He said that the question that will come before them will probably be the most important in the history of labor conventions.

The afternoon session lasted two hours and an early adjournment was taken so as to allow the credentials committee to complete its work. The morning's session will begin at 9 o'clock, and, according to Mr. Mitchell, a final adjournment will be taken in the afternoon.

Quiet reigned everywhere in the region and not a pound of coal was mined anywhere. A great crowd of mine workers came into town from the surrounding villages and coal patches. They crowded around the convention hall, waiting for information from the inside. They were greatly disappointed when the convention adjourned for the day without taking definite action.

Buildings Trades Lockout at Washington a Success.

Washington, May 15.—The lockout is a complete success, not more than one-fifth of the mechanics in the building trades of Washington now being at work. It is expected that steps will be taken to adjust the differences immediately, as the builders have announced themselves as willing to meet any suggestion for an amicable settlement.

This is the first lockout of its size that has taken place in Washington for a score of years. Late figures show that about 4,000 men are affected.

Two Pittsburg Strikes Settled.

Pittsburg, May 15.—Two more strikes of the building trades were settled during the day and the men will return to work at once. The hoisting and portable engineers will receive 47½ cents an hour, an increase of 14 cents, and the sheet metal workers were granted an advance from \$2.68 to \$3.20 a day. The men have been out since May 1.

Liquid Asphalt in Texas.

Austin, Tex., May 15.—In the oil fields near here the drill in a well at a depth of 142 feet dropped into a lake of liquid asphalt which is so thick and heavy that further drilling is almost impossible. It is said that liquid asphalt has been found heretofore only in Trinidad.

Disproved.

Chimer—I'm surprised that you should speak so unkindly of Miss Gusch. She speaks well of you. She was telling me that you loaned her a book of your verses, and she thought them lovely.

Rimer—Yes; so she told me, but when she returned the book the pages were still uncut.—Catholic Standard.

Spawning of "crocodile tears," did you ever see a whale blubber?—Kansas City Independent.

ATLANTIC GREYHOUNDS.

New Steamship Company Forming to Compete With the Combine.

London, May 15.—The Daily Mail says that 10 members of the house of commons have promised to form a pool of £1,000,000 as the nucleus of a fund to start a line of Atlantic greyhounds in opposition to the Morgan combine. The promoters of this enterprise hope to secure mail and cruiser subsidies from the government.

WILL PROBABLY BE RECALLED.

Chinese Minister at Washington Appointed to a New Position.

Peking, May 15.—An imperial edict has been issued appointing Wu Ting Fang, the Chinese minister at Washington, and Sheng Chia Peng to prepare a code of Chinese laws on modern lines.

Wu Ting Fang will probably soon be recalled to China to undertake this work.

Get a Ten Per Cent Advance.

Los Angeles, May 15.—On account of the increase in the cost of living the Continental Tobacco company, through its vice president, C. E. Halliwell of New York, has ordered an increase of 10 per cent in the wages of all its Los Angeles employees, who number more than 5,000.

Acquire an Iowa Railroad.

New York, May 15.—W. L. Stow and E. S. Hooley of this city say that they have acquired a controlling interest in the Des Moines and Fort Dodge railroad. They decline to say for what interests they acted. The road is leased to the Rock Island until 1905.

Iron Moulders' Strike Settled.

Toledo, O., May 15.—The iron moulders' strike, which has been in progress in this city for the past two weeks, has been settled by the foundrymen agreeing to the advance of 25 cents per day, without signing a year's contract.

FORT DE FRANCE AFIRE

REFUGEES FROM ST. PIERRE ARE AGAIN IN GRAVE DANGER.

ABANDONED TO VULTURES

Destroyed City of St. Pierre May Be Deserted for One Year to Allow Birds of Prey and the Elements to Accomplish a Task Which Is Too Great for Man—Pestilence Daily Becoming More Vivid.

Pointe-a-Pitre, Gaudeloupe, May 14.—News has been received here of a great conflagration on the island of Martinique that, according to the ships that report them, are at or very near to Fort de France.

Peelee is still active and red hot rocks are still being hurled from the crater, and it is possible that the volcano has set the town, that is the refuge of 50,000 people who fled from the vicinity of St. Pierre, ablaze. Efforts are being made by the officers of the French cruiser Suchet to approach the crest of Mont Peelee. They have been driven back several times by showers of lava. They ascertained, however, that Peelee is no longer the loftiest peak in Martinique. A new ridge seems to confirm the statement.

The most destruction was directly across that part of town known as the Fort, where even the foundations of the buildings cannot be traced. A contrast to this is the district known as Mouillage, which is recognizable from the walls that still stand.

In the Fort district the dead were utterly consumed, but in Mouillage there are bodies everywhere, denuded of clothing and charred so that it is impossible to distinguish color or sex. All bodies are cast on the funeral pyres, heaps of which are saturated with kerosene as fast as they can be gathered.

May Abandon St. Pierre.

Pestilence is daily getting more vivid. Almost as great as the need for food for the survivors of the district is the need of disinfectants by the ship load to protect the living from the dead. There is talk of abandoning St. Pierre for a year to allow the elements and the vultures to accomplish the task that is too great for men.

It is suggested that the government will establish a forbidden zone, the seaside to be guarded against intrusion by the navy, and the land side by the army.

The salvage of the treasure in the bank of Martinique was specie to the amount of \$800,000, which was stored in the subterranean vaults. Nothing remains of the steamship Roraima except a skeleton on the beach. Of the other ships no vestige is left.

Of St. Vincent very little is known except that its sufferings were only less than Martinique, that the dead are supposed to number 2,000 and that the plantations are ruined. There is a revival of the report that the British government will abandon St. Vincent as too dangerous for human habitation and will distribute its population among the others of the British West Indies.

The food received from the neighboring islands by Martinique has been exhausted.

ONE MASS OF FLAMES.

Whole Northern End of St. Vincent Burning Fiercely.

Castries, island of St. Lucia, May 15.—The Soufriere volcano on the island of St. Vincent is still in destructive eruption. A terrible cannonade can be heard 100 miles away. The reports are followed by columns of smoke, rising miles in the air. Immense balls of colored fire also issue from the crater. Lightning is playing fiercely in the upper sky and the whole northern part of the island is one mass of traveling flames. It is impossible to reach the burning district by land or sea and there is no means of estimating the destruction wrought to life and property.

Kingstown, the capital of St. Vincent, is still safe though showers of ashes and pebbles are continually falling down. The volcano itself is invisible.

It has just been officially reported that there were 1,600 dead at St. Vincent.

ONLY ONE SURVIVOR.

Prisoner Confined in a Dungeon Escapes Death at St. Pierre.

London, May 15.—The correspondent of The Daily Mail at Barbadoes, B. W. L., who visited St. Pierre on board the Royal Mail steamer Solent, has learned from Dr. Artier, who miraculously escaped the disaster, that when the governor of Martinique, M. Moutet, and the insular officials had declared that all danger from an eruption of Mont Peelee was past, a cordon of armed soldiers and policemen was placed around the town to prevent the people from leaving. Dr. Artier, however, went to the suburb of Morne Rouge. He was riding back to St. Pierre when the explosion occurred. He turned and fled precipitately across the mountains to Fort de France.

With the exception of the prisoner who was confined in a dungeon at the time of the explosion, Dr. Artier is really the sole survivor of St. Pierre.

LARGE FIRE VISIBLE.

Blaze Seen From St. Lucia in the Direction of Fort de France.

Castries, island of St. Lucia, May 15.—The signal station here reports that a large fire was seen during the night in the direction of Fort de France, Martinique.

The British steamer Savan, Captain Hunter, has arrived here and reports Mount Peelee to be still in eruption. The trend of the flow from the volcano is to the north.

CAUSING HIM MUCH WORRY.

President-Elect Palma Having Trouble Forming a Cuban Cabinet.

Havana, May 15.—The house of representatives has elected Pelayo Garcia president, Carlos Font and Carlos Cespedes vice presidents, and Alfredo Manduley and Antonio Perez secretaries.

President-elect Palma says that the matter of making up the Cuban cabinet was causing him much worry and trouble. He wants to surround himself with men of experience and ability in whom he has confidence, but he also desires to maintain harmony among the political leaders. The president-elect held a long conference with the leaders, and it is understood they then objected to the men Senator Palma said he intended to appoint to the cabinet. Another meeting between the president-elect and the Cuban leaders will be held during the evening.

DEFEATS THE RESOLUTION.

House of Commons Refuses to Reform the Labor Laws.

London, May 14.—An attempt in parliament to get the government to reform the laws relating to trades unions has failed. W. C. B. Beaumont, Liberal, moved a resolution in the house of commons in favor of legislation dealing with the questions of picketing and the liability of trades unions. A member of the ministry opposed Mr. Beaumont's resolution, but supported an amendment to it made by Mr. Renshaw, Conservative to the effect that the house declined to legislate in the matter until it was shown that the existing law fails to protect workmen in the exercise of their lawful rights.

Mr. Renshaw's amendment was adopted by a vote of 203 to 147, the opposition loudly cheering the small government majority.

EARL OF HOPETOUN RESIGNS.

Governor General of Australia Cannot Live on His Salary.

Melbourne, Australia, May 15.—The federal parliament recently refused to grant the Earl of Hopetoun an additional annual allowance of £3,000, the governor general then sent a cablegram to Joseph Chamberlain, the British colonial secretary, asking to be relieved of his duties after the coronation of the king, saying the position was a heavy drain upon his private resources and that the salary attached wholly insufficient to maintain the dignity of the office.

Mr. Chamberlain replied to the Earl of Hopetoun, accepting his resignation, although it meant, he said, a serious loss to Australia and the empire. The Earl of Hopetoun's salary was £10,000 a year.

TAMMANY LEADER RESIGNS.

Lewis Nixon Gives Up the Position at a Meeting in New York.

New York, May 15.—Lewis Nixon, leader of Tammany Hall for nearly six months, resigned that position at a meeting of the district leaders held in Tammany hall. While the resignation was not entirely unexpected, it was not thought that Mr. Nixon would take such positive action until a later date, first waiting the action of the leaders to see if they would give him a vote of confidence. Instead of this he refused to allow any vote of confidence and went so far as to say that he could no longer retain his self-respect if he remained as leader.

THE SHIPPING COMBINE.

Admiral Beresford Regards It With Serious Misgivings.

London, May 15.—Speaking in London at a dinner of the Navy League, Rear Admiral Lord Charles Beresford, M. P., said he regarded the shipping combine with the most serious misgivings, because in time of war the British navy was largely dependent upon the mercantile marine for auxiliary vessels, and the country for the delivery of provisions.

The speaker advocated subsidizing the British combine and a recourse to the Canadian route as the best steps for the government to adopt.

DETAILS NOT MADE PUBLIC.

Monon Route Said to Have Been Acquired by Southern Railway.

New York, May 15.—In the best informed circles in Wall street there was discussion of a statement emanating from an authoritative source that the Chicago, Indianapolis and Louisville railway, generally known as the "Monon," had been purchased by the Louisville and Nashville and the Southern Railway companies. While the details were not made public, the acquisition of the Monon by the two corporations named was accepted as a fact, lacking only official announcement.

Cattle Sell High at Chicago.

Chicago, May 15.—Cattle prices were higher at the Union stock yards in Chicago during the day than for almost 20 years. The top price of the day, \$7.60, was 10 cents in advance of the high mark of last week. The price of hogs and sheep also made record marks of the year.

ALL HOPE HAS GONE

ANTHRACITE MINE OPERATORS
MAKE NO CONCESSIONS
TO THE MEN.

NO ACTION TAKEN YET

Convention of the Mine Workers at

Hazleton, Pa., Holds Three Sessions and Adjourns for the Day Without Arriving at a Definite Conclusion Regarding the Strike—Quiet Reigns in the Coal Fields.

Hazleton, Pa., May 15.—The convention of the anthracite mine workers called at the instance of the executive boards of the three districts comprising the Pennsylvania hard coal fields, held three sessions during the day, and, without taking any action on the question of inaugurating a permanent strike, adjourned until morning. The convention is meeting behind closed doors, and, although nothing official was given out, it is known that the all-important question was not reached, the two sessions being devoted entirely to the organization of the meeting and the report of the committee on credentials.

The day brought forth no definite information bearing on the probable action of the convention, and the situation remains about the same as it has during the past 48 hours. President Mitchell said that all hopes of any concessions from the operators was gone. He has had no recent communication, he said, with the mine owners, Senator Hanna or any other member of the National Civic Federation. Mr. Mitchell admitted that he had some advice to give the delegates at the proper time, but what it is he will not say. In an interview he said that there was no doubt that the sentiment of the men is in favor of a strike, but he refused to make any reply when asked if he would give advice that would come in conflict with their sentiments. It is admitted that what President Mitchell suggests will be done, notwithstanding the fact that a majority of the delegates are

In Favor of a Strike

If the mine owners do not make any concessions.

President Mitchell was elected chairman and the organization was completed by making Mr. Wilson secretary and appointing the three district secretaries a committee on credentials.

In taking the chair Mr. Mitchell said that a great weight of responsibility rests on the delegates and that they should act wisely in whatever they did. He said that the question that will come before them will probably be the most important in the history of labor conventions.

The afternoon session lasted two hours and an early adjournment was taken so as to allow the credentials committee to complete its work.

The morning's session will begin at 9 o'clock, and, according to Mr. Mitchell, a final adjournment will be taken in the afternoon.

Quiet reigned everywhere in the region and not a pound of coal was mined anywhere. A great crowd of mine workers came into town from the surrounding villages and coal patches. They crowded around the convention hall, waiting for information from the inside. They were greatly disappointed when the convention adjourned for the day without taking definite action.

THURSDAY, MAY 15, 1902.

Weather.

Fair tonight and Friday.

ALL opposition to Gov. Van Sant's renomination has disappeared.

The state will pay \$3,500 more for the meat used in state institutions for May, June and July than it has been doing owing to the meat trust.

In Minneapolis street car conductors are not allowed to accept badly worn coins. People with badly worn cloths are still allowed to ride and pay their nickel.

LITTLE FALLS and many of the neighboring towns are already making preparations for celebrating the Fourth of July. Will Brainerd observe the day in a fitting manner.

THE democratic state central committee will meet in St. Paul May 21 to make the call for their state convention, and consider the political situation. The latter is what is bothering them most.

MAYOR AMES is seriously considering a proposition to leave Minneapolis and accept the management of a hotel at West Baden at a salary of \$8,000 per year. There are people in Minneapolis mean enough to think it would be a good thing for both Doc. and the town.

New line of Refrigerators at D. M. Clark & Co's.

ON THE DIAMOND.

St. Cloud is making preparations for a big delegation from Brainerd on Sunday. The Granite City band has been engaged for the day and they will be very much in evidence during the day. The local team is out practicing every day and they will make a good showing. Already a large list has been secured of those who intend to take advantage of the low rate of \$1.50 for the round trip. The train will leave Brainerd at 9:30 in the morning, returning after the game. Those who desire to go will leave their names with L. A. Lajoie.

For Baby Carriages and Go-carts see D. M. Clark & Co.

All of Block 7 and part of Block 8 Sleeper's addition at a bargain. Easy term. A garden truck farm in center of city.

J. L. SMITH.

Large line of 2nd hand Household goods to be sold for storage at D. M. Clark & Co's.

Fine line of carpets. Hoffman.

He Was Rather "Close."

An English clergyman of the eighteenth century, the Rev. Mr. Jones of Blewbury, with a nest egg of £200 and a stipend amounting to £50 per annum, left at death the sum of £10,000. He had been rector of his parish for forty years, and during all that time only one person had been known to sit at his festal table. No fire was ever lighted in his house, nor was a servant kept. In winter he would visit his parishioners to keep himself from perishing of cold rather than light a fire at the rectory.—Cassell's Journal.

The Gift of Tongue.

Tom (inspecting theater bill of "Polo and Francesca")—"I say, 'Arry, ole man, 'ow d'yer per-nounce these 'ere names?" "Arry (with all the modest condescension of a superior person)—"Well, I'm free to admit I ain't much of a French schollard, but I should say it were pronounced "Polo and Frank Chester." Of course it's a kind o' sportin' piece. Tom (satisfied)—"Ah, I see,—London Punch.

Too Great a Sacrifice.

Impassioned Lover—"Tell me, my angel, what to do to prove my love. Oh, that I might, like some knight of old, battle for you, suffer for you, die for you!" Sweet Girl—"I wish you would give up smoking. Impassioned Lover—"Oh, come, now; that's asking too much!—Chicago Tribune.

Names in Ireland.

A contributor to The Pilot finds that in every thousand of the population in Ireland 12.8 bear the name Murphy, 11.8 the name of Kelly and 9.2 the name of Sullivan. These three names lead all others by a long gap. The somewhat popular notion that the Mc's and the O's stand at the head of the list of Irish surnames is thus disposed of.

LOCAL NEWS NOTES.

Judge Homan, of Pequot, is in the city today on business.

Judge Mantor left for Minneapolis this afternoon on business.

A. A. White arrived in the city this morning on business.

The Howard Kyle company came in from the west this afternoon.

Mrs. C. D. Johnson and daughter returned from the cities this afternoon.

Frank Berry, of Wadena, was in the city for a short time today on business.

A. McGregor, of St. Cloud, arrived in the city from the south this afternoon.

Mrs. Frank Jarboe, of Little Falls, is in the city the guest of Mrs. A. L. Hoffman.

Jimmy Jerrard, of the St. Cloud Journal-Press, passed through the city this noon.

Attorney Feltus, of Walker, was in the city today to meet his wife on her return from the Twin Cities.

The advance car of Norris & Rowe's circus reached Brainerd this morning. The date of the show is May 23.

J. H. Zimmerman, well known in this city, now a resident of Fargo, has been elected leader of the Fargo band.

Mrs. C. D. Parker arrived in the city this afternoon from Chicago for a visit with her mother, Mrs. Grandemyer.

Isaac Haslett, the banker of Minneapolis, was in the city today having returned from Staples and Motley, where he is interested in banks.

J. W. Riggs, of Minneapolis, is in the city visiting relatives. He is connected with the mechanical end of the Minneapolis Journal.

The Ladies Aid Society of the Presbyterian church will meet with Mrs. A. Purdy, 7th street south, on Wednesday afternoon, May 21st, from 2:30 to 4:30.

S. G. Iverson, candidate for the republican nomination for state auditor, was in the city from St. Paul this morning. Mr. Iverson is the present deputy auditor under R. C. Dunn.

I. B. Porter, who recently sold his farm in Oak Lawn township, left for Dundas, Minn., today, where he will visit friends for some weeks. He then expects to go to north-western Canada to locate.

On Wednesday evening May 28 the Brainerd Marine Band will give a concert and dance in Gardner's Hall assisted by Mrs. E. W. Crane, the Misses Hoffbauer, Mrs. R. D. Bruce, Mr. Joseph Murphy and Frank and Gene McCarthy.

This afternoon Mr. and Mrs. John Doran arrived in the city from Minneapolis, where their little seven-months old baby which died a few days ago. The funeral was held this afternoon from St. Francis church at 2 o'clock.

The funeral services over the remains of Mrs. Emma Johnson, who died at the Fergus Falls hospital of the insane, was held this afternoon from her home on Oak street, and interment was made in Evergreen cemetery. Rev. S. W. Hoover officiated.

Chairman Leavett, of the state boards of control, today went to Faribault, via Red Wing. He will see Supt. Brown, of the state training school, but Judge Gould, of the board, said the consultation had nothing to do with the escape of boys from the school. W. E. Lee, of the board, went to Minneapolis to investigate the statements made by Clarence Fogelstrom, one of the runaways captured in that city. Fogelstrom, as stated in the Dispatch last evening, declared that he had run away on account of the cruel treatment accorded the inmates of the school.—St. Paul Dispatch.

The following physicians have been appointed by Gov. Van Sant as delegates to the national tuberculosis congress at the Majestic hotel, New York city, June 2, 3 and 4: Justus Ohage and H. Longstreet Taylor, of St. Paul; John W. Bell, Chas. W. Hunter and James H. Dunn, of Minneapolis; Tweedy and Keyes, of Winona; Ecklund, of Duluth; James L. Camp, of Brainerd, and George S. Wattan, of Warren. Among the honorary vice presidents of this congress are the governors of Minnesota and ten other states, the governor general of Canada and governors of four Canadian provinces. The South American republics will also be represented.—St. Paul Dispatch.

J. H. Koop left for Walker today.

C. V. Smith, of Backus, returned home today.

H. A. Tucker, a machinist from Jennings, La., arrived today to work in the shops.

Walter Gould, of the Shevlin-Carpenter Company, was a guest in the city today on business.

Levi E Weaver has just completed the digging of two wells for Mr. Nettleton's houses on 4th Ave.

The Southern Minnesota Land Co. have sold to E. A. Kimball, of Verdale, 130 acres, Section 23 and 6—132 31 Morrison county.

The members of Brainerd lodge, B. P. O. E., will meet this evening. It had been expected that a contingent from Bemidji would come down this morning to take the initiatory work tonight, but for some reason they did not come.

Miss Clara Stein, the 12 year old daughter of Mr. and Mrs. H. Stein, was pleasantly surprised last evening at the home of her parents, at 430 Forsyth street, East Brainerd, by about twenty-five of her young friends, who brought with them well filled baskets of refreshments. A very pleasant evening was spent in games and other amusements.

Concerning Christian Science.

EDITOR DAILY DISPATCH: In your account of laying of the corner stone of St. Joseph's Hospital, you report Dr. Courtney to have given his views regarding Christian Science and his reasons why it has been so "readily embraced."

One might stop to ask these questions—On what authority does the critic give this information? Is he a student of Christian Science, its doctrines and its practice? Has he given this subject sufficient attention so that he may speak authoritatively?

The world has access to Christian Science literature in Public Libraries and in Christian Reading Rooms, besides its followers are always glad to furnish inquirers with literature and information so that there is no excuse for anyone making such incorrect statements regarding Christian Science as to refer to it as "dependent on the mysticism and superstition in human nature for its success."

The very opposite of this is true, for Christian Science concerns itself only with God and his eternal laws and is dependent thereupon. Therefore the Christian Scientist approaches God in a prayerful and worshipful attitude realizing that He is omnipresent, omniscient and omnipotent, and the Creator of all. This brings into his experience the spirituality which is spoken of by Paul, "The Spirit itself beareth witness with our spirit that we are the sons of God." The sick are healed as a result of this holy uplifting faith, (not blind faith but the understanding of God's laws), for James says "The prayers of faith shall save the sick."

Is prayer to God dependent on mysticism and superstition in human nature for its success? Is prayer a matter of form? Do those who pray expect any sign to show that God hears them?

Jesus gave a rule for prayer "When thou prayest enter into thy closet and when thou hast shut the door, pray to thy Father which is in secret; and thy Father which seeth in secret shall reward thee openly."

The Christian scientist, interpreting this injunction to mean shutting out all material sense, and entering into the consciousness of spirit, sits calmly and silently beside the patient; knowing the infinite goodness of God and therefore he expects his prayers to be answered, and they are answered, in that the sick are healed.

In such Christian science prayers is there anything like "witnessing of ceremonies or anything calculated to excite the imagination of the patient?"

It is no wonder that the people are looking for something new since the ordinary methods of medicine and theology are inadequate to exterminate disease and sin from the human race, as is evidenced by the fact that the number of persons afflicted with these errors is not appreciably lessening. Christian science offers a remedy for this. The sick, sorrowful, discouraged and sinful, who have failed to get relief elsewhere, naturally look for something different from what they already know, and having given Christian science a trial they find all these conditions are met at one time. This is where Christian science succeeds and why it grows. It does not claim to be a new invention, but it is the

discovery of an eternal principle that existed for everlasting. Mrs. Eddy had made it practical to the age in her book, "Science and Health with Key to the Scriptures," teaching that sin is the foundation of sickness and as fast as sin is destroyed, sickness will disappear. The great work of Christian science is therefore a warfare against sin until it is thoroughly eradicated from human consciousness.

There appeared in your columns a quotation from Rev. Hutton's sermon, "Christian science and spiritualists are religious fanatics."

It is well known that there is no relation between Christian science and spiritualism.

Christian science is a practical scientific religion. It is a religion of deeds more than words. So it is used in the every day experience of its followers to help lift the burdens of life.

It need hardly be added that such a religion must necessarily be a great benefit to the world today in making good common sense people with no element in them of "fanatics."

BOND PROPOSITION CARRIES IN CASS

Election Held Yesterday was an
Interesting One and Hard
Fought on Both Sides.

ISSUES HAVE GOOD MAJORITIES.

It is Thought the Court House
Bond Carried by 200 Votes
and the Other by 400.

There was an election in Cass county yesterday that for interest and enthusiasm has hardly ever been equalled in that county. The election was a special one called for the purpose of voting \$30,000 bonds for the erection of a new court house and the second was for the voting of \$30,000 for road and bridge purposes.

This combined question has agitated the people of that county to the highest pitch, and those who were against and for the propositions have put up an ugly fight, but from present indications it is understood that both issues have carried when the ballots are all counted, which will take perhaps until tomorrow some time.

When the commissioners of Cass county decided by resolution last fall to submit these questions to the voters there were all kinds of conjectures as to the probable outcome. Those opposed to the voting of bonds for the court house claimed at the time, and it is understood have claimed up to the last, that the proposition of voting the \$30,000 for the other purpose was nothing more than a scheme to interest the voters of the farming districts, believing that they would surely vote on the proposition to improve the roads and, of course, the sentiment on this issue would be carried into the struggle for the other \$30,000 issue.

Attorney Feltus came down from the north this morning and he stated that it would be some time before the ballots would be counted, but he thought there was no doubt now but that both propositions would carry court house by about 200 majority and the other by about 400 majority.

The main fight on the court house proposition was waged on the part of the residents of Cass Lake and vicinity and Pine River and vicinity, but the statements made that the other issue was only a lead, did not make good as the people of Cass Lake were almost unanimous on the road and bridge proposition.

Real Estate Bargains.

READY FOR FIELD DAY.

Brainerd Boys Have Been Busy Training
for the North Star Interscholastic
League Meet.

Saturday is the date of the field day events of the North Star Interscholastic League, which is composed of students of the high schools of Brainerd, Aitkin and Little Falls.

The Brainerd boys have been out every afternoon for weeks and last night they appeared in the park in "full dress."

The program of the day will be pulled off in the afternoon, commencing at 2 o'clock, at Swartz driving park. Last year the program was rather long and many of the events had to be cut out, but it is thought that it has been so arranged this year so that they can be contested by 6 o'clock.

8 lots in block 2, second addition to Brainerd; very desirable at \$45.00 each, monthly payments.

J. L. SMITH,
Sleeper Block.

What About the ...Red Tag Sale...

WILLIAM ALGER DEAD.

Young Man in the Prime of Life is Taken
Down by Death's Grim Reaper—
—Funeral Saturday.

William Alger died last night shortly after 9 o'clock at St. Joseph's hospital, after a brief illness of one week or so, the cause of his death being an obstruction of the bowels. He was feeling better a few days ago and night before last had improved to such an extent that his physician ordered him sent to the hospital where it was thought an operation would be performed. Last night however, it was apparent that he was sinking rapidly and that he would never stand an operation.

Mr. Alger was married some years ago to Hermine, the daughter of Mr. and Mrs. Thos. Esmay, and to them was born three children. Deceased was a member of the Odd Fellows and Woodman orders in this city. He was a young man that was universally liked by all. The wife is heart-broken over the sudden ending.

The funeral will be held Saturday afternoon at 2 o'clock from the family residence, Third avenue, E. Brainerd, Rev. Morton officiating. Interment will be made in Evergreen

When you pay rent, think of Nettleton. Your rent money buys a home.

STILL MISSING.

Chas. Kerner Has Not Been Heard of
Since he Left the City Some
Weeks Ago.

Chas. Kerner who left this city sometime ago and who is supposed to have taken with him some funds belonging to a nursery concern, is still at large. His wife is still ignorant of his whereabouts. He left Brainerd presumably for Duluth but the authorities have not been able to trace him down.

Mrs. Kerner wishes it stated that she does not think the amount he took was as much as \$700, but that it was nearer \$400.

A Fact that Should not be Overlooked.

Real Estate in Brainerd is cheaper today than in any other prosperous town in the state of over 10,000 inhabitants. This condition will not continue; it will not be long until vacant lots will advance to double their present price, there can be no doubt about it, and those who buy property now are wise and will profit by so doing. Let me show you some good houses now that are cheap on the basis of present prices for the real estate. Easy terms.

P. B. NETTLETON,
PALACE HOTEL.

QUITE A BIG BLAZE.

One of George Gardner's Houses on Sixth
Street South Badly Scorched
by Fire this Morning.

This morning about 11 o'clock the fire department was called out to the home of Mr. and Mrs. George Gardner, on Sixth street south and before it could be of much service the roof of the house was badly burned. The department, however, saved the building from total destruction, and assisted in removing much of the furniture from the house.

The house is owned by George Gardner and is fully covered by insurance.

The fire is supposed to have started from the pipe which runs up through the second floor, as the carpet was quite close to the pipe.

Fine Residence For Sale.

I am authorized by Mrs. Sleeper to offer for sale her residence property on corner of Broadway and Ivy St., 4 corner lots southeast front. This is an opportunity to get one of the most desirable modern homes in Brainerd at a low figure. For price and terms, call on

Nettleton, he buys houses.

MUSIC AND DRAMA.

HOWARD KYLE IN "NATHAN HALE."
TONIGHT.

Every school child in the United States knows, or ought to know the inspiring life story of Nathan Hale, the young patriotic New England schoolmaster, who as history records, undertook the fatal mission for which he suffered the penalty of an ignominious death, beneath an apple tree, at the hands of the British under command of General Howe; how the patriot-martyr disguised, entered the enemy's lines, and after having secured certain important plans and details concerning the British movements, was indiscreet enough to tarry awhile too long in "Widow Chick's" tavern on Long Island, where he was suspected and arrested as a spy, and was afterwards summarily and without a hearing or trial, condemned to hang from an improvised noose.

Nathan Hale, who so heroically gave up his life for the good and glory of his country, seems to have been a man of scholarly attainments. This fact was conclusively proven, for in the soles of his shoes, after he had been captured, were found the drawings of fortifications, together with comprehensive specifications, written in Latin, and much other evidence of his intellectual worth. It was small wonder therefore, that the British made overtures to have him espouse their cause, which further indignity, of course, Hale spurned with all the righteousness of his noble and self-sacrificing nature. Aside from the inspiring lesson in American history which Mr. Fitch's play teaches, "Nathan Hale" it is said, contains so many excellent points of substantial merit; so many touches of fascinating humor, that it is scarcely surprising that Howard Kyle and his own admirable company have met with such remarkable success, where the play has been presented in all the principal cities during the past two seasons.

"WHEN REUBEN COMES TO TOWN."

A complete Metropolitan production has been given their new musical comedy "When Reuben Comes to Town," by Managers Morris and Hall. The piece which is the sole work, book, lyrics and music by the well known musical director, Herman Perlet, will be seen for the first time in this city on Thursday May 22 at the Brainerd Opera House. The costumes are from designs by the famous artist Archie Gunn, and said to be of striking novelty. The scenery is by Ackerman and is a fine example of that clever artist's best style. The company has been carefully selected and rehearsed under the personal direction of the clever actor and stage manager, Mr. William Morris, and is made up of some of the best and most favorably known comedians and comedienne known to the musical comedy stage. Among the best known are:—Edwin Micanter, formerly with Louis Mann and Clara Lipman, Douglass Flint, leading comedian with "Why Smith Left Home," Edouard Durand, late of May Irwin's Company; Margaret Sayre, understudy in London for Edna May in "The Girl Frow up There," Frank Beamish for many years stage manager for the Chas. Hoyt plays, Henry Miller and E. H. Sether; Chas. Stanley, also a Hoyt comedian; Eleanor Page, "The Telephone Girl" and "Sweet Marie," Edna Hickey, "A Milk White Flag," "The Casino Girl" and "The Rounders"; Ruby Rothwell, "The Monks of Malabar" and "The Princess Chic"; Edythe Gibbons, formerly with Mathews & Bulger, and Dan Daly, Mildred Manners, "The Cadet Girl" and "Florodora" Maude Carey, "The Messenger Boy" and "The King's Carnival"; Nellie Victoria, "The Chaperones" and "The Burgomaster"; Grace Van Brocklin, "The Telephone Girl" and "A Dangerous Maid".

"UNCLE TOM'S CABIN."

The Brainerd Opera House was packed to overflowing last night on the event of the presentation of "Uncle Tom's Cabin" by the Stetson company. The company was very mediocre indeed and such men as are in this cast should be placed under a ban to prevent them from acting at all. The redeeming feature about the performance was the scenery in the last act. Yet, withal, the audience seemed to enjoy the old play, and from the enthusiasm and applause one would think that nothing better had been in the new house since it was opened.

Stanley, also a Hoyt comedian; Eleanor Page, "The Telephone Girl" and "Sweet Marie," Edna Hickey, "A Milk White Flag," "The Casino Girl" and "The Rounders," Ruby Rothwell, "The Monks of Malabar" and "The Princess Chic," Edythe Gibbons, formerly with Mathews & Bulger, and Dan Daly, Mildred Manners, "The Cadet Girl" and "Florodora," Maude Carey, "The Messenger Boy" and "The King's Carnival," Nellie Victoria, "The Chaperones" and "The Burgomaster," Grace Van Brocklin, "The Telephone Girl" and "A Dangerous Maid."

"UNCLE TOM'S CABIN."

The Brainerd Opera House was packed to overflowing last night on the event of the presentation of "Uncle Tom's Cabin" by the Stetson company. The company was very mediocre indeed and such men as are in this cast should be placed under a ban to prevent them from acting at all. The redeeming feature about the performance was the scenery in the last act. Yet, withal, the audience seemed to enjoy the old play, and from the enthusiasm and applause one would think that nothing better had been in the new house since it was opened.

PEASANTS IN A RIOT

LABOR DISPUTES RESULT IN SERIOUS DISTURBANCES AT PETIGNANO, ITALY.

ATTACK THE TOWN HALL

Mob Burns Houses Where the Octroi Taxes Are Collected and Seven Gendarmes Are Wounded in an Attempt to Quell the Rioting—Firearms Are Finally Brought Into Use and Order Is Restored.

Rome, May 15.—Newspaper telegrams which have reached here from Bari, on the Adriatic, report the rioting of 5,000 peasants at Putignano, in the district of Apulia, as a result of labor disputes. The rioters burned the houses where the octroi taxes are collected and attacked the town hall. Seven gendarmes were wounded in a vain attempt to quell the rioting. The gendarmes then had recourse to their firearms, and as a result a woman was wounded. Forty arrests were made and order was finally restored. It is reported here from Bardolino, near Verona, that an anarchist has been arrested there for firing a rifle at Cardinal Bartolomeo Bacilieri, the bishop of Verona. The cardinal was not hurt.

TERRORIZE A TOWN.

Tramps Run Things Their Own Way at Brule, Wis.

West Superior, May 15.—Two deputy sheriffs were sent down to the town of Brule, a small village 30 miles from Superior to drive out a gang of hoboes who were in possession of the town. The hoboes arrived in the town during the afternoon and took possession of anything they wanted, and after they became intoxicated a regular reign of terror ensued. When the deputies arrived they found that the citizens had somewhat cowed the hoboes and they were then given the choice of being arrested or leaving the country. They chose the latter, leaving in a gang as they came. The town is now quiet and but little the worse for its experience.

EARTHQUAKE VICTIMS.

Two Thousand People Were Killed in Central America.

San Francisco, May 15.—The steamer Guatemala brings additional details of the earthquake in Central America last month. The Guatemala left the port of the same name April 29. Up to that time 1,100 bodies had been taken out of the ruins at Quetzaltenango. Captain Harris of the Guatemala said: "It is estimated that 2,000 people were killed. The dead were still being removed when we sailed. The stench from the unburied corpses was frightful, and to avert a pestilence the government has been compelled to employ large gangs of men to clear the wreckage of the dead."

MORE TROUBLE FOR HAYTI.

M. Fouchard's Supporters Determined to Back Him for President.

Kingston, Jamaica, May 15.—The provisional government in Hayti, which was established by Boisrond Canal, a former president of Hayti, has pardoned the Haytian exiles in Jamaica, who are arranging to charter a steamer and proceed to Port au Prince at the earliest opportunity. According to reliable information which has reached here, there will be a continuation of the present serious trouble in Hayti. The party supporting M. Fouchard in his claim to the presidency of Hayti is determined to make an effort to get into power.

FURTHER CALAMITY FEARED.

Three Luminous Points Visible on Lower Slopes of Mont Pelée.

London, May 15.—The Fort de France correspondent of The Times, in a dispatch describing the present condition of Mont Pelée, says that the volcano is still rumbling and that three luminous points on the lower slopes of the mountain, which are casting incandescent rays, seem to presage a further calamity.

THOUSANDS ARE STARVING.

Drouth and Frosts Have Damaged the Crops in Russia.

St. Petersburg, May 15.—Advices received here from the Baltic provinces show that the drouth and frosts have greatly damaged the winter sowings. Enormous crowds of starving peasants are flocking to Moscow.

Pope Receives Bishop O'Gorman.

Rome, May 15.—The pope received in audience Bishop Thomas O'Gorman of Sioux Falls, S. D., a member of the American commission appointed to confer with the pope regarding church questions in the Philippines. The pontiff expressed his pleasure at the coming of the mission and his admiration of President Roosevelt, especially of his "political good sense." He also said he felt that a debt of gratitude was due to Archbishop Ireland.

Promoter Meyer Under Arrest.

New York, May 15.—A. L. Meyer, the promoter of the Hackensack Meadows company and of other companies, the stock certificates of which declined in price about a week ago and against whom an order of arrest was issued, surrendered himself to the sheriff during the day. Bail was fixed at \$4,000 and was furnished.

Gregg Dies of His Injuries.

Buffalo, N. Y., May 15.—H. N. Gregg, superintendent of the Minnesota ore dock, who was run down by a train of cars on the Erie tracks early Monday morning died at the emergency hospital during the day.

WHITE-LAW REID DINED.

Given a Farewell Banquet at the Union League Club.

New York, May 15.—The Hon. White-law Reid was the guest of honor at a farewell banquet given at the Union League club in anticipation of his approaching departure for London as special messenger of the United States at the coronation of King Edward VII.

The banquet was attended by about 100 gentlemen, including many prominent figures in politics, finance and journalism from all sections of the country. A full length oil painting of Ambassador Reid, draped with the American and British colors, overhung the seat of the guest of the evening. Flowers and shaded lights served as decorations for the table. Selections of patriotic airs were rendered during the dinner by an orchestra. Among the invited guests were Sir Percy Sanderson, the British consul general, and Hon. Cornelius N. Bliss, who sat respectively at the right and left of Mr. Reid; Senator Chauncey M. Depew, Hon. Henry C. Payne, Hon. John W. Griggs, Hon. N. N. Stronahan and President Nicholas Murray Butler of Columbia university.

DISAPPEARING GUN CARRIAGES.

Long Debate in the Senate Over Their Efficiency.

Washington, May 15.—During the greater part of the senate session the fortifications appropriation bill was under consideration. Mr. Proctor of Vermont offered an amendment providing that no part of the appropriation made should be used for procuring disappearing gun carriages. The amendment precipitated a debate which continued for two hours and had not been concluded when the measure was laid aside for the day. Mr. Proctor led the fight against the disappearing carriages, declaring that they never would be effective and that in actual war it would be shown they were a lamentable failure. Mr. Perkins of California warmly defended the war department in adopting the disappearing carriage, maintaining that the bulk of the evidence on the subject was in support of the carriages.

For some time the senate had under consideration the bill providing for the construction of a union railway station in Washington.

DANISH WEST INDIES TREATY.

Administration Anxious for It to Be Disposed Of.

Washington, May 15.—While the administration is naturally desirous that the Danish West Indian treaty should be disposed of at the present session of the rigsdag, it does not feel that the fate of the treaty would be seriously jeopardized by a delay until next fall in its ratification, as indicated in the Copenhagen dispatches. Such non-action would, however, oblige the president to submit to the senate for ratification a supplemental article to the treaty changing the dates fixed for the final exchange of ratifications. It is not expected that any serious difficulty will be encountered in procuring favorable action upon such a merely formal proposition.

The opposition to the treaty in the landsting at Copenhagen is understood here to be based upon a desire that there shall be a plebiscite in the islands, which shall not be confined to the extremely limited property holding classes, but shall be general and include all the inhabitants.

TWO IMPORTANT ORDERS.

General Wood Making Some New Laws in Cuba.

Washington, May 15.—In the closing days of his administration, General Leonard Wood has made two orders of importance to Cuba, which orders, under the terms of the Platt amendment, will become a part of the organic law of the new republic. One relates to Cuban railroads and through a commission prescribes in the minutest detail the tariff to be charged on all kinds of commodities, passenger rates, baggage allowances and other matters of vital importance to the railroads of the Cuban republic.

Another order prohibits fishing in certain specified zones under penalty of fine.

Still another order from General Wood grants a pardon to Elmer C. Westall of the penalties imposed on him by sentence of the audiencia of Havana last February.

TOOK A WIDE RANGE.

Debate in the House on the Naval Appropriation Bill.

Washington, May 15.—The naval appropriation bill occupied the attention of the house throughout the day. Mr. Dayton (W. Va.) speaking on the need of strengthening our naval battle line, while Messrs. Kitchin (N. C.), Fitzgerald (N. Y.) and Maynard (Va.) strongly advocated the building of warships in government navy yards. The debate took a wide range at times. Mr. Rhea (Va.) speaking in criticism of the administration's Philippine policy and Mr. Elliott (S. C.) presenting the advantage of the proposed Appalachian forest reserve.

Rising to a question of personal privilege, Mr. Mahon (Pa.) indignantly denied the statements contained in a circular sent to members, alleging that certain contributions had been made to his campaign expenses.

Roosevelt Laid the Cornerstone.

Washington, May 15.—In the presence of a large audience President Roosevelt laid the cornerstone of the McKinley Memorial Ohio college of government of the American university located a few miles outside this city in the northwestern part of the District of Columbia. When completed the building will be devoted to studies embracing diplomacy, municipal government, arbitration, civics and international law.

Democratic Congressional Committee.

Washington, May 15.—The Democratic congressional campaign committee has decided to make its headquarters in Washington and to increase the executive committee from 11 to 14 members, of whom 8 shall be members of the congressional campaign committee and 6 from the outside. It is understood Ben T. Cable of Illinois will accept the chairmanship of the executive committee.

GATHERING FOR CONFERENCE.

Many Boer Leaders on Their Way to Vereeniging.

London, May 15.—Lord Kitchener has notified the war office that representatives of all the bodies of Boers throughout the Transvaal and Orange River colonies are gathering at Vereeniging for the peace conference and that he has arranged that the delegates shall not be impeded in reaching the rendezvous. Consequently the assemblage is expected to be large. The decision reached regarding the peace terms will later be submitted to the British. A delegation, consisting probably of the same Boer leaders who went to Pretoria recently, will be deputized to convey the decision to Lord Kitchener.

FEARS AMERICAN INVASION.

Chamberlain Sends a Trade Commission to South Africa.

London, May 15.—In consequence of the receipt of information regarding the activity of American firms, chiefly engineering, electrical and mining concerns, which are preparing to dispatch heavy shipments to South Africa immediately after peace is declared, the colonial secretary, Mr. Chamberlain, has authorized the dispatch of a commission of experts in engineering, textiles, etc., to traverse the entire country and report immediately on the requirements of South Africa under the new conditions and the openings for British trade. The committee sails May 31.

NEW CATTLE DISEASE.

Animals Able to Chew Their Food but Cannot Swallow.

Nashua, Ia., May 15.—The veterinary surgeons are unable to cope with a new disease that is afflicting the cattle near this place. The cattle chew and make every attempt to eat their food but are unable to swallow. After several days of starvation the cattle become furious and die.

Bragg Leaves for Washington.

Fond du Lac, Wis., May 15.—General Edward S. Bragg left for Washington during the day, where he has been summoned, it is said, in relation to the proffer to him of the post of consul general to Cuba. It is understood that he has gone to the capital to see President Roosevelt, but so far he has not admitted that the offer of the diplomatic post has been formally made to him.

Washout Causes Freight Wreck.

Ellis, Kan., May 15.—A washout on the Colby branch of the Union Pacific railroad caused a freight wreck in which George Reigner, engineer, was killed and the fireman and two brakemen were badly scalded.

TELEGRAPHIC BREVITIES.

The report published in Paris that Mount Vesuvius is in eruption is without foundation.

The British schooner Psyche will represent Great Britain at Havana at the inauguration of the Cuban republic, May 20.

The Canadian parliament has voted \$50,000 for the relief of the sufferers of Martinique and St. Vincent. Half of the amount will go to each.

The committee on insular affairs of the house has ordered a favorable report on the bill to provide for a delegate to the house of representatives from Porto Rico.
